ATTENTION: Mr. Jim Smith  
Coordinator of Mined Land Development

Dear Jim:

Submitted herewith are a Notice of Intention to Revise Mining Operations, MR-Form 1, and a Mining and Reclamation Plan--Revised, MR-Form 2, together with three maps, which Brush Wellman is submitting at its election pursuant to U.C.A. §40-8-18. We are submitting these Forms in order to reflect the moderate enlargement in the scope of our mining activities both now and in the future which is and will be made possible by the acquisition last year of certain properties previously controlled by The Anaconda Company. The nature of our mining operations will not change as a result of this property acquisition, however.

Prepared on suggested application, outlines are the following:

1. Notice of Intent to Revise Mining Operations  
(MR Form 1)
2. Mining and Reclamation Plan--Revised (MR Form 2)

Also included are appropriate maps of significant scale and detail, showing the location of the operations as well as other required information. The maps are entitled:

- Plate 1 Topaz Mining Properties
- Plate 2 Primary and Secondary Road System--Topaz Area
- Plate 3 Cross-section Spoils Area
